MEMORANDUM FOR: Chief, Technology Transfer Assessment Center

FROM: Director of Central Intelligence

25X1

1. I think it would be well to go ahead and complete the project you outlined and the paper about which I talked to you yesterday on how we should go about the technology transfer gap.

2. In the meantime, would you send John McMahon, for his information, a copy of the outline paper and the information regarding the steps taken by Commerce, as announced by Secretary Baldrige a few weeks ago, to tighten up on export control enforcement.

  
William J. Casey
